

# TalkTalk Business SIP Trunking

TalkTalk Business has meticulously designed a SIP service that's right for you. We're putting our Partners back in control, allowing you to attack the market and give you the freedom to be creative and to win valuable market share in a growing area.

## FREE SIP Trunks or Calls

That's right; we're providing FREE SIP Trunks on TalkTalk Business data connections. There's only a monthly rolling contract term, with highly competitive call rates, delivered over the best value connectivity. Or you can choose one of our amazing SIP Bundle call packages, with 5000 inclusive local, national, mobile and even international minutes.\*

## Single provider

Simplify operational processes and enhance your customer experience through a single provider with 24/7 service assurance.

## Peace of mind

Giving you fraud mitigation & disaster recovery services at no extra cost.

## Keeping you connected

Our Next Generation Network is the largest in the UK; it provides a solid foundation with 99.99% core availability and a 6 hour fix for data, so your customers stay connected when they need it.

\*Bundles are available on monthly rolling contracts. Once bundle limits are exceeded, calls will be charged at the standard tariff rate. Inclusive calls are to phone numbers beginning with 01/02/03 and the 5 major mobile network providers (EE, O2, Vodafone, T-Mobile and Three).

# How will our SIP Trunking solution benefit you and your customers?

## Real-time control

We have a market-leading provisioning, management and support portal purpose built for SIP which delivers a great experience at the speed your customers' demand. It also allows you to manage your customers effectively using advanced diagnostic tools, built for engineers.

## Award-winning service

Don't just take our word for it; we won the 'Best Business ITSP Corporate' category at the ITSPA Awards 2015. ITSPA is a UK membership-led organisation that represents companies who offer business and residential customers voice services (VoIP) over data networks as well as other "over the top" applications including instant messaging and video.

## About TalkTalk Business

TalkTalk Business is one of the UK's fastest growing B2B telecoms providers, offering a full range of business-grade communications products and services, spanning internet access, data, voice and mobile. Our mission is to deliver what matters most to our 180,000+ business and public sector customers, and 800+ Partners, through consistently reliable, easy-to-use, innovative, great value solutions.

TalkTalk Business is truly innovative, looking for ways to disrupt the market and deliver value back to our customers. Following an investment of over £600m, we operate one of Britain's largest Next Generation Networks, with 95% coverage across the UK and more than 3,000 enabled exchanges for Ethernet, EFM and Business Broadband.

With over 20 years' experience providing support to customers - from national retailers to sole traders - and with future-proof, scalable technology, and standout service, TalkTalk Business aims to empower you to connect to the things that matter most: your customers, your employees and your suppliers.
